

FASS NEWSLETTER

Dean's Address

Dear Colleagues, Students, and Friends,

2024 was a year of multiple challenges, opportunities, and prospects, but also a year of momentous loss. We lost a wonderful friend, our colleague, Fuat Keyman in October 2024, who played a critical role in enhancing social sciences in our university and in Turkey. As we mourned his loss, we were reminded of the importance of human connections and became more aware of our own mortality, an awareness that we sometimes tend to lose amidst the trials of daily life.

Our newsletter presents the many achievements of FASS faculty members, who work tirelessly in research, education, and public outreach activities. In the last six months, our colleagues gained more recognition for their efforts and groundbreaking research. Faik Kurtulmuş deserves our heartfelt congratulations as he was awarded the Brian Barry Prize of the British Academy, a significant achievement that made us all proud at FASS. Emre Selçuk became a co-editor for the high-ranking, very prestigious Personality and Social Psychology Bulletin, and Ahu Antmen was elected as a member of the advisory board of the Istanbul Biennale. Eren Günsel received the TÜBİTAK Teşvik prize in 2024-adding to his substantial collection of recognitions. All these awards and recognitions reflect their hard work and dedication to research.
